# MICHAEL ANDERSON

## TRADE POLICY ANALYST

Strategic International Economist specializing in trade policy and economic development. Demonstrates expertise in assessing the implications of global trade agreements and their impact on regional economies. Possesses a strong analytical background complemented by hands-on experience in economic modeling and research. Committed to fostering sustainable economic growth through informed policy recommendations and stakeholder engagement.

## **PROFESSIONAL EXPERIENCE**

### **European Commission**

*Mar 2018 - Present*

Trade Policy Analyst

- Analyzed trade agreements to evaluate their economic impact on member states.
- Provided recommendations for policy adjustments based on empirical data.
- Collaborated with international partners to enhance trade relations.
- Conducted economic assessments to support trade negotiations.
- Presented analytical findings to stakeholders at international forums.
- Authored policy briefs that influenced trade policy decisions.

### **Institute for International Economics**

*Dec 2015 - Jan 2018*

Senior Economic Researcher

- Conducted research on the economic effects of globalization on local markets.
- Utilized advanced econometric techniques to analyze trade data.
- Published findings in peer-reviewed journals, enhancing the institute's reputation.
- Engaged with policymakers to disseminate research insights.
- Led projects assessing the impact of tariffs on international trade.
- Facilitated conferences to discuss economic research outcomes.

## **ACHIEVEMENTS**

- Recognized for contributions to a landmark report on the effects of trade policies.
- Played a key role in shaping trade policy that resulted in a 20% increase in exports.
- Successfully led a research project awarded 'Best Research Initiative' by the European Union.
