MICHAEL ANDERSON

LEAD INVENTORY PLANNER

Accomplished Inventory Planner with a solid background in the technology sector, adept at balancing inventory levels with fluctuating market demands. Expertise in using advanced forecasting techniques and inventory management software to enhance operational efficiency. Proven ability to drive cost-saving initiatives while ensuring product availability and customer satisfaction. Strong analytical skills, coupled with a strategic approach to inventory planning, enable the identification of trends and opportunities for optimization.

PROFESSIONAL EXPERIENCE

Tech Innovations Inc.

Mar 2018 - Present

Lead Inventory Planner

- Directed inventory planning activities, ensuring alignment with product launch schedules and market demand.
- Implemented forecasting models that improved accuracy by 40% over previous methods.
- Managed relationships with key suppliers to optimize lead times and reduce costs.
- Conducted root cause analysis on inventory discrepancies to implement preventive measures.
- Facilitated training sessions on inventory management best practices for team members.
- Monitored inventory performance metrics, reporting findings to senior management.

Gadget World Ltd.

Dec 2015 - Jan 2018

Inventory Coordinator

- Assisted in the development of inventory management systems to enhance tracking and reporting.
- Supported the planning of inventory levels for new product introductions.
- Conducted regular inventory audits to ensure accuracy and compliance.
- Collaborated with sales teams to align inventory with promotional activities.
- Analyzed inventory turnover rates and recommended adjustments to purchasing strategies.
- Engaged with suppliers to negotiate pricing and delivery terms.

ACHIEVEMENTS

- Increased inventory accuracy from 85% to 98% through enhanced tracking systems.
- Recognized for reducing inventory costs by 20% while maintaining service levels.
- Successfully led a project that reduced lead times by 15% through process improvements.
