MICHAEL ANDERSON

IOS DEVELOPER

Innovative iOS Application Developer with over 4 years of experience in the healthcare industry. My focus has been on developing mobile applications that enhance patient engagement and streamline healthcare processes. I have a solid background in Swift and Objective-C, and I am familiar with HIPAA compliance standards, ensuring that all applications meet regulatory requirements.

PROFESSIONAL EXPERIENCE

HealthTech Innovations

Mar 2018 - Present

iOS Developer

- Developed a patient engagement app that improved appointment attendance rates by 35%.
- Collaborated with medical professionals to design user-friendly interfaces.
- Ensured HIPAA compliance in app development, enhancing data security.
- Utilized Firebase for backend integration, streamlining data management.
- Conducted usability testing to gather feedback for iterative improvements.
- Implemented push notifications to increase user interaction with health reminders.

Care Solutions LLC

Dec 2015 - Jan 2018

Junior iOS Developer

- Assisted in the development of a telemedicine application, facilitating remote consultations.
- Conducted market research to inform feature development based on user needs.
- Participated in Agile ceremonies to enhance team delivery processes.
- Wrote documentation for app features to assist users and stakeholders.
- Utilized Git for version control, promoting collaboration.
- Engaged in peer reviews to ensure code quality and adherence to standards.

ACHIEVEMENTS

- Received 'Innovator of the Year' award for contributions to healthcare app development.
- Achieved a 4.7-star rating on the App Store for the patient engagement app.
- Enhanced user onboarding process, reducing dropout rates by 30%.
