SKILLS

- Urban Planning
- Project Management
- Community Engagement
- Simulation Modeling
- Smart Technology
- Stakeholder Coordination

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF ARTS IN URBAN
STUDIES, STATE UNIVERSITY**

ACHIEVEMENTS

- Implemented a pilot project that reduced energy consumption by 15%.
- Recognized as a leading innovator in urban technology by the National Urban Institute.
- Authored articles on best practices for smart city integration published in industry journals.

WORK EXPERIENCE

URBAN TECHNOLOGY STRATEGIST

City Innovations Lab

2020 - 2025

- Developed strategic plans for the implementation of smart city technologies.
- Led interdisciplinary teams in executing urban technology projects.
- Conducted assessments of existing urban infrastructure for IoT readiness.
- Facilitated partnerships with tech startups to pilot innovative solutions.
- Utilized simulation models to predict project impacts on urban dynamics.
- Engaged with community members to align projects with public needs.

PROJECT COORDINATOR

Smart Urban Networks

2015 - 2020

- Coordinated smart city pilot programs focusing on energy management.
- Managed communications between project stakeholders and technical teams.
- Developed reporting frameworks to evaluate project outcomes.
- Organized training for local agencies on smart technology applications.
- Utilized project management tools to ensure timelines were met.
- Prepared budget proposals for smart city initiatives.
