# MICHAEL ANDERSON

## IT ASSET MANAGEMENT LEAD

Dynamic IT Asset Management Specialist with a strong background in the healthcare industry. Over 7 years of experience managing IT assets in compliance with healthcare regulations and standards. Expertise in inventory management, asset lifecycle processes, and vendor negotiations. Proven ability to work effectively in fast-paced environments, ensuring that IT assets support critical healthcare operations.

## **PROFESSIONAL EXPERIENCE**

### **HealthTech Solutions**

*Mar 2018 - Present*

#### IT Asset Management Lead

- Oversaw the management of IT assets for a network of healthcare facilities, ensuring compliance with HIPAA regulations.
- Developed and enforced asset management policies that improved asset accountability by 35%.
- Collaborated with clinical staff to understand asset needs and optimize resource allocation.
- Implemented a new asset tracking system that reduced retrieval times for medical equipment.
- Conducted training sessions for staff on asset management processes and compliance requirements.
- Generated detailed reports for management on asset performance and compliance status.

### **MediCare Systems**

*Dec 2015 - Jan 2018*

#### IT Asset Coordinator

- Managed the inventory of IT assets across multiple healthcare sites, ensuring accuracy and compliance.
- Conducted regular audits to identify and rectify discrepancies in asset records.
- Supported procurement efforts by evaluating vendor proposals and negotiating contracts.
- Worked closely with IT support teams to address asset-related issues promptly.
- Maintained documentation of asset lifecycle events, including acquisitions and disposals.
- Assisted in the development of strategies for asset reuse and recycling in alignment with sustainability goals.

## **ACHIEVEMENTS**

- Created an asset management framework that led to a 40% improvement in asset retrieval times.
- Received recognition for outstanding compliance management in healthcare IT asset practices.
- Successfully reduced asset-related costs by 25% through effective vendor management.
