MICHAEL ANDERSON

SENIOR IT INFRASTRUCTURE ANALYST

Highly skilled IT Infrastructure Analyst with 10 years of experience in the financial services industry. My expertise encompasses designing and managing IT infrastructures that meet stringent regulatory requirements while enabling business continuity and efficiency. I have a strong background in risk management and disaster recovery planning, vital for safeguarding sensitive financial data.

PROFESSIONAL EXPERIENCE

FinanceCorp   *Mar 2018 - Present*
Senior IT Infrastructure Analyst

- Developed and implemented a disaster recovery plan that reduced potential data loss by 90%.
- Managed a multi-million dollar IT budget to ensure cost-effective resource allocation.
- Conducted risk assessments and established security protocols, achieving compliance with financial regulations.
- Collaborated with financial analysts to align IT systems with business objectives, enhancing operational efficiency.
- Oversaw the migration of key financial applications to a cloud platform, improving accessibility and performance.
- Mentored junior IT staff, fostering a culture of continuous improvement and skill development.

Banking Solutions Inc.   *Dec 2015 - Jan 2018*
IT Systems Analyst

- Designed and implemented network security measures to protect sensitive financial data.
- Provided technical support for critical banking applications, ensuring minimal downtime.
- Worked closely with compliance teams to ensure IT practices met regulatory standards.
- Developed documentation for IT processes, improving operational transparency.
- Analyzed system performance metrics, identifying opportunities for optimization.
- Participated in cross-departmental projects to enhance IT service delivery.

ACHIEVEMENTS

- Achieved the 'Excellence in IT Leadership' award in 2019 for outstanding project management.
- Successfully led a project that enhanced data retrieval speed, recognized by senior management.
- Obtained certification in Cybersecurity, enhancing organizational security posture.
