MICHAEL ANDERSON

LEAD JAVASCRIPT DEVELOPER

Results-driven JavaScript Developer with expertise in building high-performance web applications. Over 7 years of experience in software development, specializing in JavaScript frameworks like Node.js and Express. Skilled in developing RESTful APIs and microservices architecture, with a strong focus on scalability and maintainability. Excellent analytical skills with a proven ability to troubleshoot and resolve complex technical issues.

PROFESSIONAL EXPERIENCE

Global Tech Solutions   *Mar 2018 - Present*
Lead JavaScript Developer

- Architected and developed a microservices-based application using Node.js, improving scalability by 50%.
- Led a team of developers, ensuring adherence to best practices and coding standards.
- Implemented automated testing frameworks, reducing the number of production bugs by 30%.
- Collaborated with DevOps to streamline CI/CD pipelines, enhancing deployment efficiency.
- Conducted technical training sessions for team members, improving overall team performance.
- Engaged in code reviews, emphasizing the importance of maintainability and performance.

Innovative Software Co.   *Dec 2015 - Jan 2018*
JavaScript Engineer

- Developed and maintained scalable web applications using JavaScript and Node.js.
- Integrated third-party APIs to enhance application functionality and user experience.
- Participated in Agile development processes, contributing to sprint planning and retrospectives.
- Implemented performance optimizations, resulting in a 20% reduction in load times.
- Worked closely with QA teams to ensure thorough testing and quality assurance.
- Contributed to open-source projects, showcasing expertise and commitment to the community.

ACHIEVEMENTS

- Recognized for outstanding leadership in a project that improved application scalability by 50%.
- Successfully mentored junior developers, many of whom advanced to senior roles.
- Achieved a 30% reduction in production bugs through the implementation of automated testing.
