SKILLS

- JavaScript
- Angular
- Node.js
- MongoDB
- RESTful APIs
- Full-Stack Development
- Git
- Agile

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, ENGINEERING UNIVERSITY

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Successfully launched multiple full-stack applications that received positive user feedback.
- Improved application performance, leading to a 20% increase in user retention.
- Recognized for contributions to team projects that achieved key business objectives.

Michael Anderson

FULL-STACK JAVASCRIPT DEVELOPER

Dedicated JavaScript Developer with 6 years of experience specializing in full-stack development. Strong expertise in both front-end and back-end technologies, with a focus on creating dynamic applications that meet user needs. Experienced in working with frameworks like Angular and Node.js, and proficient in database management with MongoDB. Excellent problem-solving skills and a keen eye for detail, ensuring high-quality code and user experience.

EXPERIENCE

FULL-STACK JAVASCRIPT DEVELOPER

Tech Forward Solutions

2016 - Present

- Designed and developed full-stack web applications using Angular and Node.js, enhancing functionality.
- Managed database integration with MongoDB, ensuring efficient data retrieval and storage.
- Collaborated with designers to create user-friendly interfaces that improved customer satisfaction.
- Implemented RESTful APIs to facilitate communication between front-end and back-end systems.
- Participated in Agile development methodologies, contributing to sprint planning and reviews.
- Optimized application performance, resulting in a 20% reduction in server response times.

JAVASCRIPT DEVELOPER

Digital Solutions Inc.

2014 - 2016

- Developed interactive web applications using JavaScript, HTML, and CSS, improving user engagement.
- Collaborated with cross-functional teams to define project requirements and deliver results.
- Utilized Git for version control, ensuring smooth collaboration among team members.
- Conducted performance testing and optimization, resulting in improved application speeds.
- Assisted in code reviews to maintain code quality and share knowledge within the team.
- Maintained documentation of application features and user guides for reference.
