EDUCATION

Bachelor of Science in Microbiology

University of Biology
2015

SKILLS

- Microbiology
- Pathogen Identification
- Antimicrobial Testing
- Laboratory Safety
- Data Analysis
- Team Training

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Microbiology Laboratory Technologist

2020-2023

Infectious Disease Research Center

- Isolated and identified pathogenic microorganisms from clinical specimens.
- Performed antimicrobial susceptibility testing and reported findings.
- Maintained strict adherence to biosafety protocols in the laboratory.
- Collaborated with epidemiologists on outbreak investigations.
- Trained interns on microbiological techniques and safety standards.
- Engaged in community education on infectious disease prevention.

Laboratory Assistant

2019-2020

Clinical Microbiology Lab

- Assisted in the preparation and staining of microbiology samples.
- Monitored laboratory equipment and conducted routine maintenance.
- Supported data entry and analysis for various microbiological studies.
- Maintained inventory of microbiological supplies and reagents.
- Participated in team discussions to improve laboratory procedures.
- Contributed to maintaining laboratory cleanliness and organization.

ACHIEVEMENTS

- Contributed to a research study that identified a novel pathogen.
- Recognized for detail-oriented work during laboratory inspections.
- Implemented a training program that improved lab safety compliance by 20%.
