## LAND ACQUISITION MANAGER

Strategic Land Acquisition Manager with a focus on sustainable development and environmental stewardship. Possesses over 12 years of experience in real estate and land management, with a robust background in identifying and acquiring properties that align with corporate environmental and social governance (ESG) objectives. Expertise in conducting land feasibility studies and environmental impact assessments, ensuring compliance with local, state, and federal regulations.

## **PROFESSIONAL EXPERIENCE**

### **EcoGreen Energy Solutions**

*Mar 2018 - Present*

#### Land Acquisition Manager

- Led land acquisition for renewable energy projects, focusing on solar and wind installations.
- Conducted extensive environmental assessments to ensure compliance with sustainability standards.
- Collaborated with environmental organizations to identify suitable land for conservation.
- Negotiated land leases and purchase agreements with landowners.
- Developed and implemented community engagement initiatives to foster support for projects.
- Managed project budgets, ensuring alignment with corporate sustainability goals.

### **Green Futures Initiative**

*Dec 2015 - Jan 2018*

#### Senior Land Acquisition Consultant

- Advised clients on best practices for land acquisition in environmentally sensitive areas.
- Prepared comprehensive reports detailing land use options and regulatory requirements.
- Facilitated negotiations with multiple stakeholders to secure land for conservation efforts.
- Conducted workshops and training on sustainable land management practices.
- Utilized GIS tools to analyze land suitability and environmental impact.
- Monitored legislative changes affecting land acquisition and environmental policies.

## **ACHIEVEMENTS**

- Secured over 200 acres of land for solar energy projects, contributing to a 25% increase in renewable energy output.
- Recognized for excellence in sustainable land acquisition practices by the National Renewable Energy Association.
- Developed a community engagement framework adopted by multiple organizations for land projects.
