SKILLS

- land surveying
- geospatial technology
- project management
- CAD
- GPS
- data analysis

EDUCATION

BACHELOR OF SCIENCE IN SURVEYING ENGINEERING, CALIFORNIA STATE UNIVERSITY; CERTIFICATE IN GEOSPATIAL TECHNOLOGY, UNIVERSITY OF TEXAS

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Successfully completed over 100 land surveying projects within budget.
- Improved surveying accuracy by 15% through technology implementation.
- Received the Excellence in Surveying Award from the National Surveyors Association.

Michael Anderson

LAND SURVEY MANAGER

Innovative Land Administration Manager with a comprehensive background in land surveying and geospatial technology. Over 8 years of experience in managing land surveying projects, utilizing advanced surveying techniques and technologies to ensure precise land measurements and boundary delineations. Expertise in collaborating with engineers and architects to produce accurate land surveys that inform development plans.

EXPERIENCE

LAND SURVEY MANAGER

Precision Land Surveys

2016 - Present

- Led land surveying projects from conception to completion.
- Utilized GPS and CAD technology for accurate land measurements.
- Coordinated with project managers to align survey results with project goals.
- Reviewed survey data for accuracy and compliance.
- Trained junior surveyors on best practices and technologies.
- Maintained records of all survey projects for future reference.

SURVEY TECHNICIAN

LandPro Solutions

2014 - 2016

- Assisted in conducting land surveys and mapping projects.
- Operated surveying equipment including total stations and GPS units.
- Compiled data for survey reports and documentation.
- Collaborated with engineers to ensure accurate land use planning.
- Participated in fieldwork to gather site-specific data.
- Supported project managers in preparing project proposals.
