Distinguished Land Administration Manager with over 12 years of expertise in land acquisition, property management, and regulatory compliance within the real estate and energy sectors. Proven track record of optimizing land use efficiency and advancing organizational objectives through strategic planning and stakeholder engagement. Adept at navigating complex land rights issues while ensuring adherence to local, state, and federal regulations.

WORK EXPERIENCE

Senior Land Administrator | Greenfield Energy Solutions   Jan 2022 – Present

- Managed land acquisition processes for renewable energy projects, ensuring compliance with legal and environmental standards.
- Developed and maintained relationships with landowners, local governments, and regulatory agencies.
- Conducted comprehensive land assessments and feasibility studies to support project development.
- Utilized GIS software to map and analyze land parcels for optimal project placement.
- Led negotiations for land leases and easements, achieving favorable terms for the organization.
- Implemented land management strategies that reduced costs by 20% while enhancing stakeholder satisfaction.

Land Acquisition Specialist | Urban Development Group   Jul 2019 – Dec 2021

- Facilitated the acquisition of land parcels for commercial development, managing budgets and timelines effectively.
- Conducted due diligence and title searches to verify land ownership and assess potential liabilities.
- Collaborated with legal teams to draft and review contracts, ensuring protection of organizational interests.
- Engaged with community stakeholders to address concerns and foster positive relationships.
- Monitored changes in land use regulations and zoning laws to inform strategic planning efforts.
- Achieved a 30% increase in land acquisition efficiency through process improvements and team training initiatives.
