WORK EXPERIENCE

Community Land Training Facilitator

2020-2023

Grassroots Land Initiative

- Designed and delivered community-focused training workshops on land rights.
- Engaged local stakeholders to co-create training content relevant to their needs.
- Facilitated discussions that encouraged active participation and knowledge sharing.
- Utilized visual aids and interactive tools to enhance learning experiences.
- Monitored and assessed the impact of training on community awareness.
- Collaborated with local leaders to promote sustainable land use practices.

Land Administration Trainer

2019-2020

Participatory Land Training Institute

- Conducted training sessions on participatory land management techniques.
- Developed resources that supported community-based land planning.
- Facilitated capacity-building workshops for community leaders.
- Engaged participants in hands-on activities to reinforce learning.
- Provided ongoing support to communities post-training for sustained impact.
- Evaluated training programs to ensure alignment with community goals.

ACHIEVEMENTS

- Increased community participation in land management decisions by 80%.
- Received recognition for excellence in community training from the National Land Coalition.
- Developed a framework for community-led land management adopted by multiple organizations.
