EDUCATION

**BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE,
UNIVERSITY OF NATURE, 2012**

ACHIEVEMENTS

- Restored over 200 acres of degraded land, enhancing local biodiversity.
- Received the Community Impact Award for excellence in ecological restoration.
- Published research on the benefits of soil conservation practices in environmental journals.

WORK EXPERIENCE

ECOLOGICAL RESTORATION COORDINATOR

NatureWorks Foundation

2020 - 2025

- Led ecological restoration projects aimed at rehabilitating degraded ecosystems.
- Conducted biodiversity assessments to inform restoration strategies.
- Collaborated with local communities to engage them in restoration efforts.
- Utilized GIS tools to map restoration sites and monitor progress.
- Trained volunteers in best practices for ecological restoration.
- Developed partnerships with NGOs and government agencies to support restoration initiatives.

SOIL CONSERVATION TECHNICIAN

GreenFuture Initiative

2015 - 2020

- Assisted in the implementation of soil conservation practices on agricultural lands.
- Conducted soil erosion assessments to identify critical areas for intervention.
- Worked with farmers to develop soil conservation plans tailored to their land.
- Monitored soil health indicators to evaluate the effectiveness of conservation practices.
- Facilitated educational workshops on soil conservation and sustainable practices.
- Prepared reports on soil conservation outcomes for stakeholders.
