Michael Anderson

URBAN LAND ACQUISITION COORDINATOR

Proficient Land Compensation Officer with a focus on urban land development and infrastructure projects. Extensive experience in negotiating land acquisitions for municipal projects, ensuring compliance with legal and regulatory frameworks. Possesses strong analytical skills in determining fair market values and developing compensation strategies that meet both project and stakeholder needs. Demonstrates a thorough understanding of urban planning principles and the impact of land acquisition on local communities.

EXPERIENCE

URBAN LAND ACQUISITION COORDINATOR

City Development Authority

2016 - Present

- Coordinated land acquisition efforts for a \$600 million urban redevelopment project.
- Negotiated compensation agreements with affected landowners, achieving a 12% cost reduction.
- Conducted market value assessments to inform compensation strategies.
- Engaged with community members to ensure transparent communication throughout the process.
- Collaborated with city planners to align land acquisition with urban development goals.
- Monitored compliance with zoning regulations and land use policies.

LAND NEGOTIATION SPECIALIST

Metro Planning Council

2014 - 2016

- Facilitated negotiations for land acquisitions related to public infrastructure projects.
- Prepared detailed reports on property values and compensation structures.
- Collaborated with legal teams to ensure adherence to land acquisition laws.
- Conducted outreach to landowners to explain compensation processes.
- Utilized GIS tools to analyze land use impacts on local communities.
- Participated in public forums to address community concerns regarding land use changes.
