SKILLS

- Land Surveying
- GIS Data Management
- Spatial Analysis
- Project Coordination
- Client Relations
- Regulatory Compliance

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN GEOGRAPHY, UNIVERSITY OF WASHINGTON, 2016

ACHIEVEMENTS

- Improved data processing time by 25% through workflow optimization.
- Contributed to a \$2 million urban redevelopment project.
- Received commendation for outstanding project management skills.

WORK EXPERIENCE

GIS COORDINATOR

Land Surveying Associates

2020 - 2025

- Oversaw GIS data management for land surveying projects.
- Collaborated with engineers to integrate GIS into project workflows.
- Conducted land assessments for compliance with zoning regulations.
- Trained team members on GIS software and best practices.
- Developed project timelines and managed deliverables.
- Maintained relationships with clients to ensure satisfaction.

JUNIOR GIS ANALYST

City Planning Department

2015 - 2020

- Assisted in the creation of land use maps for city planning.
- Performed spatial analyses to support urban development projects.
- Managed GIS databases for planning applications.
- Developed GIS tools for public engagement initiatives.
- Conducted field surveys to gather geospatial data.
- Presented analysis results to city officials for planning decisions.
