# MICHAEL ANDERSON

## GEOSPATIAL LAND REGISTRATION MANAGER

Dynamic Land Registration Manager with extensive experience in geospatial analysis and land information systems. Proven ability to leverage technology to enhance land registration and management processes. Demonstrated expertise in project management, data analysis, and strategic planning within the land administration sector. Skilled in developing innovative solutions to streamline operations, improve service delivery, and ensure compliance with regulatory requirements.

## **PROFESSIONAL EXPERIENCE**

### **Geospatial Solutions Inc.**

*Mar 2018 - Present*

Geospatial Land Registration Manager

- Managed geospatial data projects to support land registration initiatives.
- Developed and implemented GIS-based solutions for land parcel mapping.
- Collaborated with IT teams to enhance data integration and accessibility.
- Conducted spatial analysis to inform land use planning and policy decisions.
- Trained staff on GIS tools and applications related to land registration.
- Monitored project outcomes and provided recommendations for improvements.

### **State Land Office**

*Dec 2015 - Jan 2018*

Land Information Systems Analyst

- Analyzed land data for accuracy and compliance with registration standards.
- Developed reports and dashboards to track land registration metrics.
- Enhanced the land information database to improve user experience.
- Conducted workshops to educate stakeholders on land information systems.
- Collaborated with surveyors to ensure accurate land boundary delineations.
- Provided technical support for land registration software and tools.

## **ACHIEVEMENTS**

- Implemented a GIS system that improved land registration accuracy by 40%.
- Awarded the Geospatial Innovator Award for excellence in technology application.
- Presented at the National Conference on Land Management, sharing insights on GIS advancements.
