EDUCATION

**MASTER OF ENVIRONMENTAL POLICY,
STANFORD UNIVERSITY, 2015**

ACHIEVEMENTS

- Developed a green building incentive program that increased sustainable practices in new developments by 25%.
- Led a community engagement initiative that resulted in the adoption of a new zoning overlay for environmental preservation.
- Received the Green Award for outstanding contributions to sustainable land use planning.

PROFILE

Accomplished Land Zoning Administrator with a robust background in environmental policy and sustainable development. Expert in assessing the environmental impacts of land use decisions and integrating sustainability principles into zoning practices. Demonstrates a strong ability to collaborate across disciplines to promote responsible land use that balances economic growth with environmental stewardship.

EXPERIENCE

ENVIRONMENTAL PLANNER

State Department of Environmental Protection

2016 - Present

- Conducted environmental reviews for land use applications to identify potential impacts.
- Collaborated with developers to ensure compliance with environmental regulations.
- Developed mitigation strategies for identified environmental concerns in zoning proposals.
- Participated in public hearings to advocate for sustainable land use practices.
- Prepared detailed reports on environmental assessments for regulatory bodies.
- Trained municipal staff on integrating sustainability into zoning regulations.

ZONING ANALYST

Urban Development Corporation

2014 - 2016

- Analyzed land use proposals for compliance with zoning laws and environmental standards.
- Facilitated stakeholder meetings to discuss zoning changes and gather feedback.
- Utilized spatial analysis tools to inform land use planning decisions.
- Prepared zoning amendment proposals based on community needs and environmental data.
- Collaborated with architects and engineers on development projects.
- Monitored state and federal regulations to ensure compliance in zoning practices.
