EDUCATION

BACHELOR OF SCIENCE IN INDUSTRIAL TECHNOLOGY

ACHIEVEMENTS

- Increased production efficiency by 15% through innovative scheduling practices.
- Recognized as 'Employee of the Month' for outstanding performance in July 2021.
- Reduced material costs by 10% by implementing better inventory management strategies.

PROFILE

Detail-oriented Laser Cutting Technician with a proven track record in high-volume manufacturing settings. Expertise in utilizing advanced laser technologies to produce intricate designs with remarkable accuracy. Skilled in conducting preventive maintenance and repairs on cutting machines, ensuring optimal operational capability. Knowledgeable in workflow optimization techniques, effectively enhancing production rates while reducing waste.

EXPERIENCE

LASER CUTTING SUPERVISOR

Elite Fabrication LLC

2016 - Present

- Supervised daily operations of the laser cutting department to meet production targets.
- Conducted training sessions on advanced laser techniques for new employees.
- Implemented a scheduling system that improved workflow efficiency by 20%.
- Analyzed production data to identify bottlenecks and streamline processes.
- Ensured compliance with safety regulations and company policies.
- Facilitated regular meetings to discuss performance and resolve issues proactively.

LASER CUTTING TECHNICIAN

Dynamic Industries

2014 - 2016

- Operated laser cutting machines for production of custom parts and prototypes.
- Performed routine maintenance and troubleshooting on cutting equipment.
- Collaborated with designers to refine technical specifications for accuracy.
- Reduced material waste through precise cutting techniques and planning.
- Maintained cleanliness and organization of the work area to promote safety.
- Participated in quality control inspections to ensure product integrity.
