MICHAEL ANDERSON

CNC LASER OPERATOR

Proficient Laser Cutting Technician with extensive knowledge of CNC programming and operation in diverse manufacturing environments.

Demonstrated expertise in executing precise laser cutting techniques, contributing to high-quality production outcomes. Skilled in interpreting CAD designs and transforming them into finished products with minimal scrap. Strong analytical skills enable effective troubleshooting and problem resolution, ensuring uninterrupted operational processes.

PROFESSIONAL EXPERIENCE

Techno Laser Co.

Mar 2018 - Present

CNC Laser Operator

- Managed CNC laser cutting operations to produce parts for automotive applications.
- Configured machine settings based on CAD specifications for optimal results.
- Conducted regular inspections of equipment to ensure operational integrity.
- Collaborated with engineers to refine product designs for manufacturability.
- Maintained detailed records of production runs and machine performance.
- Participated in cross-training to enhance team capabilities.

Alpha Manufacturing

Dec 2015 - Jan 2018

Laser Cutting Technician

- Executed laser cutting tasks for high-precision components across various industries.
- Monitored and adjusted machine operations to maintain product specifications.
- Trained team members on machine operation and maintenance protocols.
- Implemented process improvements that increased yield by 12%.
- Conducted safety audits and ensured adherence to safety regulations.
- Coordinated with the quality assurance team to resolve discrepancies efficiently.

ACHIEVEMENTS

- Achieved a production output increase of 20% through improved processes.
- Recognized for exemplary performance in safety compliance during 2022 audit.
- Successfully completed multiple projects ahead of schedule, enhancing client satisfaction.
