BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY, STANFORD UNIVERSITY

ACHIEVEMENTS

- Recognized as a leading innovator in law enforcement training technology by LawTech Magazine in 2023.
- Increased training engagement by 45% through the use of interactive platforms.
- Authored a guidebook on best practices for technology integration in law enforcement training.

Innovative Law Enforcement Trainer with a specialization in technology integration and digital tools for law enforcement training. Expertise includes the development of training programs that leverage virtual reality and interactive platforms to enhance learning outcomes. A proven track record of implementing cutting-edge technologies that prepare law enforcement personnel for contemporary challenges.

WORK EXPERIENCE

TECHNOLOGY TRAINING CONSULTANT
National Police Technology Center
2020 - 2025

- Developed virtual reality training modules for high-stress scenarios, improving officer response rates.
- Conducted workshops on the integration of technology in law enforcement training.
- Collaborated with software developers to create user-friendly training platforms.
- Evaluated the effectiveness of technology-based training programs through trainee feedback.
- Facilitated training sessions that highlighted the importance of cybersecurity in law enforcement.
- Provided ongoing support for technology implementation in training environments.

TRAINING DEVELOPMENT OFFICER
State Law Enforcement Academy
2015 - 2020

- Designed blended learning programs incorporating online and in-person training.
- Utilized analytics to track trainee progress and program effectiveness.
- Implemented mobile learning solutions to enhance training accessibility.
- Collaborated with law enforcement agencies to customize training solutions.
- Conducted needs assessments to identify gaps in training delivery.
- Organized technology demonstrations to showcase innovative training tools.
