MICHAEL ANDERSON

LEARNING ANALYTICS CONSULTANT

Motivated Learning Analytics Researcher with a focus on K-12 education and over 4 years of experience in applying data analysis to improve student learning experiences. Strong analytical skills paired with a passion for education technology allow me to effectively utilize data to inform teaching practices. Proven ability to collaborate with educators and administrators to identify key performance indicators and develop actionable insights.

PROFESSIONAL EXPERIENCE

K-12 Data Solutions

Mar 2018 - Present

Learning Analytics Consultant

- Conducted data analysis on student performance across various demographics.
- Collaborated with teachers to develop personalized learning plans based on analytics findings.
- Utilized Google Analytics and Excel for tracking student engagement metrics.
- Facilitated workshops for educators on data-driven decision-making.
- Created visual reports to communicate insights effectively with stakeholders.
- Assisted in the integration of learning management systems to enhance data collection efficiency.

Local School District

Dec 2015 - Jan 2018

Data Analyst Intern

- Supported data collection efforts for academic performance evaluations.
- Analyzed survey results to identify areas for curriculum improvement.
- Developed dashboards to visualize student achievement trends.
- Worked closely with the IT department to ensure data integrity.
- Participated in team meetings to discuss insights and recommendations.
- Assisted in training staff on the use of data tools and methodologies.

ACHIEVEMENTS

- Improved student engagement metrics by 20% through targeted interventions.
- Recognized for 'Outstanding Contribution to Data Projects' in 2020.
- Contributed to a report that influenced district-wide curriculum changes.
