SKILLS

- Research and development
- Prototype development
- Dye performance assessment
- Supplier collaboration
- Documentation
- Cross-functional teamwork

EDUCATION

**BACHELOR OF SCIENCE IN CHEMICAL
ENGINEERING, TECHNICAL UNIVERSITY**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Developed a new dye formulation that improved color retention by 35%.
- Presented research findings at an international leather conference.
- Secured a patent for an innovative dyeing process.

Michael Anderson

RESEARCH AND DEVELOPMENT DYEING TECHNICIAN

Innovative Leather Dyeing Technician with a strong focus on research and development within the dyeing sector. Expertise in exploring new dyeing techniques and materials, contributing to product diversity and market competitiveness. Adept in managing laboratory-scale dyeing processes and translating findings into commercial applications. Skilled in collaborating with suppliers and manufacturers to identify and source high-quality materials that enhance product offerings.

EXPERIENCE

RESEARCH AND DEVELOPMENT DYEING TECHNICIAN

NextGen Leather Innovations

2016 - Present

- Conducted research on alternative dyeing methods to improve sustainability.
- Developed prototypes for new dye formulations with enhanced properties.
- Collaborated with suppliers to source innovative dye materials.
- Performed laboratory tests to assess dye performance and stability.
- Documented research findings for internal and external presentations.
- Engaged in cross-functional meetings to align R&D efforts with production needs.

DYEING TECHNICIAN

Heritage Leather Co.

2014 - 2016

- Executed dyeing processes for a variety of leather goods, ensuring quality outcomes.
- Maintained detailed records of dye formulations and production practices.
- Assisted in troubleshooting dyeing inconsistencies during production.
- Monitored dyeing equipment performance and conducted routine maintenance.
- Participated in team meetings to discuss process improvements.
- Engaged with quality assurance teams to uphold product standards.
