#### SKILLS

- High-voltage systems
- Project management
- Safety compliance
- Team leadership
- Risk assessment
- Quality control

#### LANGUAGES

- English
- Spanish
- French

#### EDUCATION

**BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING TECHNOLOGY, TECH UNIVERSITY, 2004**

#### ACHIEVEMENTS

- Successfully managed a high-voltage project that came in 15% under budget.
- Recognized for excellence in safety management across multiple projects.
- Achieved a 40% reduction in project delays through effective scheduling.

#### WORK EXPERIENCE

##### HIGH-VOLTAGE ELECTRICIAN

PowerGrid Enterprises

2020 - 2025

- Installed and maintained high-voltage transmission and distribution systems.
- Conducted risk assessments and developed safety protocols for high-risk operations.
- Collaborated with engineers on system upgrades and improvements.
- Managed project timelines and budgets effectively.
- Provided technical training to junior staff on high-voltage safety practices.
- Ensured compliance with federal and state regulations.

##### ELECTRICIAN SUPERVISOR

National Electric Co.

2015 - 2020

- Supervised a team of electricians on large infrastructure projects.
- Coordinated with project managers to ensure timely project completion.
- Implemented quality control measures to enhance work standards.
- Maintained comprehensive documentation of project progress and issues.
- Facilitated safety training sessions for all team members.
- Developed relationships with clients to foster ongoing business.
