# MICHAEL ANDERSON

## SENIOR QUALITY ASSURANCE ENGINEER

Experienced Life Sciences Quality Specialist with a diverse background in pharmaceutical quality control and assurance. Over 12 years of hands-on experience in ensuring compliance with cGMP and FDA regulations. Adept at leading quality improvement projects that enhance product safety and efficacy. Proven ability to analyze complex quality data, identify trends, and drive improvements across production processes.

## **PROFESSIONAL EXPERIENCE**

### **Pharma Solutions Group**

*Mar 2018 - Present*

Senior Quality Assurance Engineer

- Oversaw quality assurance activities for pharmaceutical manufacturing processes, ensuring compliance with cGMP regulations.
- Developed and implemented quality metrics that improved operational efficiency by 20%.
- Conducted root cause analysis for non-conformance incidents and implemented corrective actions.
- Led cross-functional teams in quality improvement initiatives that reduced product recalls by 15%.
- Trained and mentored junior quality staff on best practices in quality management.
- Performed risk assessments to ensure product safety and efficacy throughout the lifecycle.

### **MedPharm Industries**

*Dec 2015 - Jan 2018*

Quality Control Supervisor

- Managed daily quality control operations, ensuring adherence to quality standards and regulations.
- Implemented a training program that increased staff competency in quality testing procedures by 30%.
- Conducted internal audits and inspections, achieving a 98% compliance rate during external audits.
- Analyzed quality data to identify trends and recommend process improvements.
- Collaborated with production teams to resolve quality issues and implement preventive measures.
- Maintained documentation and records for regulatory compliance and quality assurance purposes.

## **ACHIEVEMENTS**

- Reduced product defect rates by 25% through the implementation of enhanced quality control measures.
- Recognized with the 'Quality Excellence Award' for outstanding leadership in quality initiatives.
- Authored a comprehensive quality manual that served as a key reference for the organization.
