# MICHAEL ANDERSON

## PERFORMANCE TECHNOLOGIST

Innovative live performance musician with a strong emphasis on integrating technology into the musical experience. Adept at utilizing modern sound equipment and software to create immersive performances that captivate and engage audiences. Known for pushing the boundaries of traditional music through the incorporation of visual elements and interactive components. A dedicated advocate for the evolution of live music, fostering a culture of experimentation and creativity.

## PROFESSIONAL EXPERIENCE

### **TechSound Productions**

*Mar 2018 - Present*

Performance Technologist

- Designed and implemented interactive sound installations for live events.
- Utilized software such as Ableton Live to create dynamic performance sets.
- Collaborated with visual artists to synchronize audio and visual elements.
- Engaged in audience feedback sessions to refine performance techniques.
- Hosted workshops on integrating technology into live performances.
- Managed technical setups for large-scale events, ensuring flawless execution.

### **Innovative Arts Collective**

*Dec 2015 - Jan 2018*

Live Performer

- Performed at various festivals, integrating technology into live shows.
- Collaborated with musicians and tech experts to enhance performance quality.
- Implemented audience interaction through mobile applications during performances.
- Developed a unique performance style that merges music and technology.
- Conducted post-performance evaluations to assess audience engagement.
- Documented performances for promotional purposes, increasing visibility.

## ACHIEVEMENTS

- Recipient of the Tech Innovation in Music Award.
- Featured speaker at the National Music Technology Conference.
- Successfully launched a series of workshops attended by over 500 participants.
