

MICHAEL ANDERSON

LIVESTOCK HEALTH PROGRAM MANAGER

PROFILE

Dedicated Livestock Health Officer with extensive experience in managing animal health programs and veterinary care for livestock. Focused on enhancing animal welfare through proactive health monitoring, disease prevention, and nutritional management. Proficient in developing integrated health plans that align with agricultural best practices. Adept at collaborating with agricultural stakeholders to implement health protocols that optimize livestock productivity.

EXPERIENCE

LIVESTOCK HEALTH PROGRAM MANAGER

Healthy Herd Initiative

2016 - Present

- Managed health programs for over 5,000 livestock across multiple farms.
- Developed and implemented vaccination schedules that improved herd immunity.
- Conducted health audits to ensure compliance with industry standards.
- Trained farm staff on animal health monitoring techniques.
- Analyzed health data to identify trends and recommend interventions.
- Promoted sustainable farming practices to enhance animal welfare.

VETERINARY TECHNICIAN

Rural Animal Clinic

2014 - 2016

- Assisted veterinarians in surgeries and medical procedures for livestock.
- Provided emergency care and treatment to injured animals.
- Maintained inventory of veterinary supplies and medications.
- Educated clients on proper animal care and health maintenance.
- Documented patient records and health assessments accurately.
- Participated in community health fairs to promote animal health awareness.
