

MICHAEL ANDERSON

Location Scout

Highly skilled Location Scout with a comprehensive background in commercial, narrative, and documentary filmmaking. Known for an exceptional ability to identify diverse locations that not only fulfill production needs but also elevate the narrative quality of the project. Expertise in balancing artistic vision with logistical constraints, ensuring that all elements of location scouting align with the broader goals of the production.

WORK EXPERIENCE

Location Scout

2020-2023

Global Film Productions

- Scouted and selected locations for a diverse range of film and television projects.
- Created comprehensive location profiles that included logistical and aesthetic details.
- Negotiated contracts and managed relationships with property owners and local agencies.
- Worked closely with directors and production designers to ensure alignment with artistic vision.
- Maintained accurate records of all location agreements and permits.
- Conducted site visits to assess practical considerations for filming logistics.

Assistant Location Scout

2019-2020

Cinematic Arts Group

- Assisted in scouting locations for various commercial and narrative projects.
- Documented location findings and created reports for production teams.
- Participated in negotiations with property owners to secure filming rights.
- Coordinated logistics for site visits and ensured accessibility.
- Supported production teams on-site to resolve location-related issues.
- Contributed to the development of a location database for future projects.

ACHIEVEMENTS

- Instrumental in securing a location that enhanced a documentary's storytelling impact.
- Recognized for efficient location scouting that reduced overall production costs.
- Achieved commendation from directors for outstanding location selections.
