SKILLS

- Electrical design
- Project management
- Team leadership
- Compliance
- Energy efficiency
- Client relations

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF ENGINEERING IN
ELECTRICAL ENGINEERING, STATE
UNIVERSITY**

ACHIEVEMENTS

- Successfully completed over 50 projects with a 100% safety record.
- Awarded the Best Project Team accolade for a complex commercial installation.
- Increased client satisfaction ratings by 20% through exceptional service delivery.

WORK EXPERIENCE

PROJECT LEAD ELECTRICIAN

Design Electrical Services

2020 - 2025

- Led electrical design projects for commercial and residential buildings, ensuring compliance with codes.
- Coordinated with cross-functional teams to integrate electrical designs into overall project plans.
- Developed project timelines and budgets, achieving completion ahead of schedule.
- Conducted site inspections to verify installation quality and safety compliance.
- Mentored junior electricians in project execution and design principles.
- Implemented energy-efficient solutions, reducing operational costs by 15%.

MAINTENANCE ELECTRICIAN

Innovative Solutions Group

2015 - 2020

- Performed electrical installations and maintenance for various commercial clients.
- Managed service calls and resolved electrical issues efficiently to minimize downtime.
- Conducted training on new technologies for team members and clients.
- Ensured compliance with safety regulations and industry standards.
- Documented all maintenance work and generated performance reports.
- Participated in community service initiatives promoting electrical safety.
