# MICHAEL ANDERSON

## SENIOR MAINTENANCE PLANNER

Innovative Maintenance Planning Engineer with a strong background in the aerospace industry, possessing over 7 years of experience in maintenance planning and management. Skilled in developing maintenance schedules that ensure aircraft readiness and compliance with aviation regulations. Proficient in using sophisticated maintenance management software to streamline operations and improve reporting accuracy.

## **PROFESSIONAL EXPERIENCE**

### **AeroTech Solutions**

*Mar 2018 - Present*

Senior Maintenance Planner

- Developed comprehensive maintenance schedules for a fleet of over 50 aircraft, ensuring compliance with FAA regulations.
- Utilized advanced maintenance management systems to track maintenance activities and generate reports.
- Collaborated with engineering teams to identify maintenance needs and optimize aircraft availability.
- Led cross-departmental meetings to align maintenance strategies with operational goals.
- Trained team members on aviation maintenance best practices and software tools.
- Assessed and improved maintenance workflows, reducing aircraft downtime by 20%.

### **SkyHigh Airlines**

*Dec 2015 - Jan 2018*

Maintenance Engineer

- Executed scheduled maintenance on aircraft components, ensuring compliance with safety standards.
- Conducted inspections and assessments to identify repair needs, improving safety metrics.
- Documented maintenance activities accurately for regulatory compliance and internal audits.
- Assisted in the development of maintenance manuals and SOPs for new aircraft.
- Participated in root cause analysis of failures to implement corrective measures.
- Collaborated with procurement teams to manage parts inventory effectively.

## **ACHIEVEMENTS**

- Improved aircraft availability by 25% through optimized maintenance scheduling.
- Received 'Excellence in Safety' award for outstanding contributions to safety improvements.
- Successfully led an initiative that reduced maintenance costs by 15% over two years.
