MICHAEL ANDERSON

PROJECT LEAD PLUMBER

Veteran Maintenance Plumber with extensive expertise in high-volume commercial plumbing systems. Highly skilled in managing large-scale plumbing installations and overseeing maintenance operations to ensure optimal system performance. Proven ability to collaborate with contractors, architects, and engineers to execute complex plumbing projects on time and within budget. Strong analytical skills facilitate the identification of potential issues before they escalate into significant problems.

PROFESSIONAL EXPERIENCE

National Plumbing Corp.

Mar 2018 - Present

Project Lead Plumber

- Led plumbing installation projects for over 50 high-rise buildings, ensuring compliance with industry standards.
- Coordinated with project managers to meet deadlines and budget constraints.
- Managed subcontractors and suppliers, maintaining clear communication and expectations.
- Conducted risk assessments to identify potential plumbing issues before project initiation.
- Oversaw quality control measures, ensuring workmanship met regulatory requirements.
- Developed detailed project reports for stakeholders, enhancing transparency and accountability.

Metro Plumbing Services

Dec 2015 - Jan 2018

Maintenance Plumber

- Performed preventative maintenance on plumbing systems in commercial facilities.
- Utilized advanced plumbing software for system diagnostics and reporting.
- Restored malfunctioning systems promptly to minimize client downtime.
- Collaborated with maintenance teams to coordinate plumbing repairs and installations.
- Maintained accurate documentation of all service activities for compliance audits.
- Engaged with clients to provide education on plumbing system maintenance.

ACHIEVEMENTS

- Successfully completed a \$2 million plumbing project under budget and ahead of schedule.
- Recognized for outstanding leadership by receiving the Excellence in Project Management Award.
- Increased project efficiency by 20% through the introduction of new workflow processes.
