MICHAEL ANDERSON

COMPLIANCE ANALYST

Innovative Manufacturing Compliance Engineer with over 5 years of experience in the electronics industry, specializing in compliance with international standards such as CE and RoHS directives. Known for implementing effective compliance strategies that improve product quality and reduce time to market. Strong problem-solver with the ability to analyze complex regulatory frameworks and develop clear, actionable plans for compliance.

PROFESSIONAL EXPERIENCE

TechGiant Electronics

Mar 2018 - Present

Compliance Analyst

- Conducted compliance assessments for electronic products against CE marking and RoHS directives.
- Developed and maintained compliance documentation for regulatory submissions.
- Worked closely with design teams to integrate compliance requirements into product specifications.
- Monitored changes in regulatory standards and updated compliance procedures accordingly.
- Facilitated training sessions for engineers on compliance best practices.
- Collaborated with suppliers to ensure compliance with environmental regulations.

Innovative Solutions Ltd.

Dec 2015 - Jan 2018

Junior Compliance Engineer

- Assisted in the development of compliance processes for electronic manufacturing operations.
- Conducted inspections of products to ensure compliance with safety standards.
- Participated in the preparation of compliance reports for regulatory review.
- Supported the quality assurance team in audits related to product compliance.
- Gathered and analyzed data to identify compliance trends and issues.
- Coordinated with external testing laboratories for compliance verification.

ACHIEVEMENTS

- Achieved a 50% reduction in time spent on compliance documentation through process optimization.
- Recognized for excellent teamwork during a successful product launch under tight deadlines.
- Published articles on compliance trends in electronics in industry newsletters.
