SKILLS

- Cost analysis
- Budget forecasting
- Supplier negotiation
- Process improvement
- Financial modeling
- Data analysis

EDUCATION

BACHELOR OF SCIENCE IN MATERIALS SCIENCE AND ENGINEERING, GEORGIA INSTITUTE OF TECHNOLOGY, 2014

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Achieved a 15% reduction in production costs through innovative process improvements.
- Received recognition for outstanding contributions to cost management strategies.
- Led a project that improved supplier relationships, resulting in a 10% cost savings.

Michael Anderson

COST ENGINEER

Analytical and detail-oriented Manufacturing Cost Engineer with 6 years of experience in the plastics manufacturing sector. Expert in conducting cost analysis and implementing cost-saving initiatives that enhance profitability. Proficient in using advanced software tools for budgeting and forecasting. Strong ability to collaborate with engineering and production teams to develop cost-effective solutions.

EXPERIENCE

COST ENGINEER

Plastic Innovations Corp.

2016 - Present

- Developed and implemented cost-saving initiatives that reduced production costs by 18%.
- Conducted cost audits to identify inefficiencies in the manufacturing process.
- Collaborated with the production team to streamline workflows and increase throughput.
- Utilized budgeting software to accurately forecast material costs and labor expenses.
- Negotiated with suppliers to secure better pricing, resulting in a 12% reduction in material costs.
- Presented findings and recommendations to upper management, influencing budgeting decisions.

JUNIOR COST ANALYST

Polymer Technologies Ltd.

2014 - 2016

- Assisted in the preparation of cost estimates for new product lines, achieving a 10% accuracy rate.
- Conducted market research to support pricing strategies and cost evaluations.
- Monitored and reported cost variances to ensure compliance with budget forecasts.
- Provided analytical support to senior engineers during project planning phases.
- Participated in team meetings to discuss cost-saving opportunities and strategies.
- Gained experience with financial modeling techniques through hands-on projects.
