EDUCATION

BACHELOR OF SCIENCE IN FOOD SCIENCE, UNIVERSITY OF CALIFORNIA

ACHIEVEMENTS

- Improved production yield by 12% through effective data analysis and implementation of best practices.
- Recognized with the 'Rising Star Award' for contributions to data-driven decision-making.
- Successfully reduced scrap rates by 15% by analyzing and addressing production variances.

PROFILE

A results-oriented Manufacturing Data Analyst with a strong background in the food processing industry, possessing over 5 years of hands-on experience in statistical analysis and data management. Skilled in optimizing production processes through meticulous data collection and analysis. Proven ability to work collaboratively with teams to enhance production efficiency and ensure compliance with industry standards.

EXPERIENCE

DATA ANALYST

Fresh Foods Corp.

2016 - Present

- Conducted data analysis on production metrics to identify trends and areas for improvement.
- Developed visual reports using Power BI to track inventory levels and production efficiency.
- Collaborated with quality assurance to analyze product quality data and implement corrective actions.
- Utilized statistical methods to forecast demand and adjust production schedules accordingly.
- Trained production staff on data entry protocols to ensure accuracy and consistency in reporting.
- Assisted in the implementation of a new ERP system that improved data accessibility and reporting efficiency by 30%.

JUNIOR DATA ANALYST

Harvest Innovations

2014 - 2016

- Assisted in collecting and analyzing production data to support operational enhancements.
- Created daily and weekly reports for management review, focusing on production output and quality metrics.
- Helped streamline data collection processes, reducing errors and increasing data integrity.
- Participated in team meetings to discuss data insights and suggest actionable improvements.
- Contributed to the development of standard operating procedures for data management.
- Supported the implementation of data visualization tools to enhance reporting clarity.
