EXPERTISE SKILLS

- Predictive Modeling
- Data Integrity
- SQL
- Data Governance
- Process Optimization
- Compliance Reporting

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Aerospace Engineering, Georgia Institute of Technology

MICHAEL ANDERSON

MANUFACTURING DATA ANALYST

Detail-oriented Manufacturing Data Analyst with over 7 years of experience in the aerospace sector, focusing on data integrity and process optimization.

Strong analytical skills complemented by an in-depth understanding of manufacturing operations and compliance requirements. Proven ability to leverage data analytics to enhance productivity and reduce operational costs. Skilled in building relationships with cross-functional teams to facilitate the implementation of data-driven strategies.

PROFESSIONAL EXPERIENCE

AeroDynamics

Mar 2018 - Present

Manufacturing Data Analyst

- Conducted comprehensive data analysis to monitor manufacturing processes and identify areas for improvement.
- Utilized advanced analytics tools to develop predictive models that informed production scheduling.
- Collaborated with engineering teams to implement process improvements that increased efficiency by 20%.
- Generated detailed reports for compliance audits, ensuring adherence to industry standards.
- Facilitated training sessions for staff on the importance of data accuracy in manufacturing.
- Played a key role in developing a data governance framework to enhance data quality and reliability.

Skyward Technologies

Dec 2015 - Jan 2018

Data Analyst

- Analyzed production data to support operational efficiency initiatives across multiple departments.
- Created dashboards to visualize production KPIs, highlighting key trends for management review.
- Worked with IT to enhance data collection methods, improving accuracy and reducing processing time.
- Supported project teams in leveraging data insights to drive process improvements.
- Assisted in preparing detailed reports for quarterly operational reviews.
- Identified and resolved data discrepancies to maintain data integrity.

ACHIEVEMENTS

- Led a project that resulted in a 25% reduction in production costs through data-driven insights.
- Awarded 'Analyst of the Year' for outstanding performance in data analysis and reporting.
- Contributed to a successful audit with zero non-conformities due to thorough data preparation.
