# MICHAEL ANDERSON

## QUALITY ASSURANCE ENGINEER

Dynamic Manufacturing Development Engineer with a decade of experience in the aerospace industry, focusing on quality assurance and compliance within production environments. I possess extensive knowledge of aerospace manufacturing standards and have a proven ability to drive quality initiatives that meet stringent regulatory requirements. My technical acumen allows me to troubleshoot complex manufacturing issues effectively, while my leadership skills enable me to guide teams towards achieving quality and efficiency goals.

## PROFESSIONAL EXPERIENCE

### **AeroTech Industries**

*Mar 2018 - Present*

Quality Assurance Engineer

- Developed and maintained the Quality Management System (QMS), leading to ISO 9001 certification.
- Conducted internal audits to assess compliance with aerospace manufacturing standards.
- Collaborated with engineering teams to resolve quality issues during production.
- Implemented corrective actions that reduced defect rates by 35%.
- Trained staff on quality control processes and procedures.
- Analyzed quality data to identify trends and recommend improvements.

### **Skyline Aerospace**

*Dec 2015 - Jan 2018*

Manufacturing Engineer

- Optimized manufacturing processes to ensure compliance with FAA regulations.
- Led root cause analysis initiatives to address production failures.
- Developed process improvement plans that enhanced product quality by 20%.
- Collaborated with suppliers to ensure quality in incoming materials.
- Facilitated training sessions on quality assurance practices.
- Produced reports on quality metrics for senior management review.

## ACHIEVEMENTS

- Achieved a 25% reduction in quality-related costs through process improvements.
- Received the 'Excellence in Quality' award for outstanding contributions to product reliability.
- Successfully led a project that improved customer satisfaction scores by 30%.
