SKILLS

- Logistics Strategy
- Aerospace Manufacturing
- Data Analysis
- Supply Chain Visibility
- Risk Management
- Training and Development

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
AERONAUTICAL ENGINEERING,
INSTITUTE OF TECHNOLOGY**

ACHIEVEMENTS

- Reduced logistics costs by 30% through the implementation of new supply chain strategies.
- Recognized for exceptional project management skills with the Project Leadership Award.
- Achieved a 25% improvement in delivery timelines through process improvements.

WORK EXPERIENCE

LOGISTICS STRATEGY ENGINEER

Aerospace Innovations Corp.

2020 - 2025

- Developed logistics strategies that improved material flow and reduced production downtime by 15%.
- Utilized advanced logistics software to enhance visibility and tracking of shipments.
- Collaborated with engineering teams to align logistics with production requirements.
- Implemented inventory control measures that decreased excess stock by 20%.
- Conducted risk assessments to identify potential supply chain disruptions.
- Trained team members on logistics best practices and technology use.

SUPPLY CHAIN ENGINEER

AeroTech Manufacturing

2015 - 2020

- Analyzed supply chain processes to identify inefficiencies and recommend improvements.
- Coordinated logistics for complex aerospace projects, ensuring timely delivery of components.
- Utilized data analytics to forecast material needs and optimize inventory levels.
- Worked with suppliers to enhance quality assurance processes and reduce defects.
- Developed documentation for logistics processes and compliance requirements.
- Presented logistics performance reports to senior management, driving strategic decision-making.
