MICHAEL ANDERSON

MANUFACTURING PLANNING ENGINEER

Dynamic Manufacturing Planning Engineer with over 10 years of comprehensive experience in the pharmaceutical manufacturing sector. Expert in regulatory compliance, quality assurance, and production planning. Proven ability to design efficient workflows that ensure product quality while meeting tight deadlines. Skilled in project management, with a strong emphasis on cross-functional teamwork and stakeholder engagement.

PROFESSIONAL EXPERIENCE

PharmaTech Labs

Mar 2018 - Present

Manufacturing Planning Engineer

- Led manufacturing planning efforts for new drug production, ensuring compliance with FDA regulations.
- Developed process maps to identify areas for improvement in production workflows.
- Collaborated with quality assurance teams to establish rigorous testing protocols.
- Initiated training programs for staff on best practices in pharmaceutical manufacturing.
- Monitored production performance metrics and adjusted plans to meet quality standards.
- Coordinated with supply chain to ensure timely delivery of raw materials and components.

BioHealth Corp.

Dec 2015 - Jan 2018

Senior Production Planner

- Managed production schedules for multiple product lines, aligning with market demand.
- Implemented quality control measures that decreased defect rates by 30%.
- Conducted cost analysis to identify savings opportunities in the manufacturing process.
- Facilitated cross-departmental communication to enhance operational efficiency.
- Participated in regulatory audits, ensuring compliance with industry standards.
- Designed and implemented a new inventory tracking system that improved accuracy.

ACHIEVEMENTS

- Successfully led a project that reduced production cycle time by 15%.
- Recognized for excellence in quality management with the 'Quality Champion' award.
- Published research on manufacturing best practices in a peer-reviewed journal.
