# Michael Anderson

## PROJECT ENGINEER

I am a Manufacturing Project Engineer with a strong focus on the food processing industry, bringing over 7 years of experience in managing projects that enhance production efficiency and product safety. My career has been defined by my commitment to quality and compliance with health and safety regulations.

## EXPERIENCE

### PROJECT ENGINEER

FoodTech Industries

2016 - Present

- Managed projects focused on improving food safety processes, achieving a 30% reduction in safety incidents.
- Led a team to redesign production layouts that increased efficiency by 20%.
- Implemented quality management systems that enhanced product traceability and compliance.
- Conducted training sessions on food safety regulations for production staff.
- Collaborated with suppliers to ensure compliance with ingredient quality standards.
- Utilized data analytics to monitor production metrics and improve output quality.

### MANUFACTURING ENGINEER

Snack Innovations

2014 - 2016

- Designed and implemented new production processes that increased throughput by 25%.
- Conducted time and motion studies to optimize labor efficiency, resulting in a 15% cost reduction.
- Collaborated with quality assurance teams to maintain product standards.
- Trained operators on new equipment and safety protocols.
- Developed and maintained project documentation to ensure compliance with industry regulations.
- Participated in product development initiatives that led to the launch of five new snacks.
