EXPERTISE SKILLS

- Quality Control
- AS9100
- Aerospace Standards
- Data Analysis
- Process Optimization
- Team Collaboration

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Aerospace Engineering, Georgia Institute of Technology, 2016

MICHAEL ANDERSON

QUALITY CONTROL ENGINEER

Dedicated Manufacturing Quality Engineer with 6 years of experience in the aerospace industry. Expert in quality assurance and control measures to ensure compliance with rigorous safety and performance standards. Proven ability to analyze complex quality data and implement effective solutions to enhance product performance. Strong understanding of aerospace regulations and quality management systems, including AS9100.

PROFESSIONAL EXPERIENCE

AeroSystems Corp.

Mar 2018 - Present

Quality Control Engineer

- Implemented quality control measures that ensured compliance with AS9100 standards.
- Conducted thorough inspections of aerospace components, identifying non-conformities.
- Collaborated with engineering teams to develop corrective action plans for quality issues.
- Utilized advanced quality tools such as MSA and SPC to analyze data.
- Facilitated training workshops on quality standards for production staff.
- Reduced inspection time by 20% through process optimization.

SkyHigh Technologies

Dec 2015 - Jan 2018

Quality Assurance Technician

- Performed quality inspections on manufactured aerospace parts.
- Documented quality metrics and prepared reports for management review.
- Assisted in the development of quality improvement plans.
- Maintained quality records for compliance audits.
- Participated in root cause analysis for quality failures.
- Improved inspection processes, increasing efficiency by 15%.

ACHIEVEMENTS

- Contributed to the successful certification of the company to AS9100 in 2018.
- Received recognition for reducing non-conformance rates by 25% in 2019.
- Implemented a new quality reporting system that improved tracking efficiency.
