EXPERTISE SKILLS

- FAA Regulations
- Quality Assurance
- Statistical Analysis
- Process Improvement
- Team Collaboration
- Aerospace Standards

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Aerospace Engineering, Embry-Riddle Aeronautical University, 2016

MICHAEL ANDERSON

MANUFACTURING STANDARDS ENGINEER

Dedicated Manufacturing Standards Engineer with 6 years of experience in the aerospace industry. Specialized in developing and implementing quality assurance protocols to meet stringent FAA regulations. Strong background in utilizing advanced analytical tools to evaluate manufacturing processes and enhance product reliability. Experienced in collaborating with engineering and production teams to drive quality improvements that align with organizational goals.

PROFESSIONAL EXPERIENCE

AeroSystems Group

Mar 2018 - Present

Manufacturing Standards Engineer

- Developed and implemented quality assurance protocols for aerospace components.
- Conducted audits to ensure compliance with FAA regulations and standards.
- Collaborated with engineering teams to analyze and improve manufacturing processes.
- Utilized statistical tools to monitor production quality and identify trends.
- Led training sessions on quality standards and best practices for engineers.
- Implemented corrective actions to address non-conformances in production.

SkyTech Aerospace

Dec 2015 - Jan 2018

Quality Control Engineer

- Performed inspections and tests on aerospace components for quality assurance.
- Documented quality control processes and maintained records for compliance.
- Assisted in the development of inspection criteria and test methods.
- Collaborated with manufacturing teams to address quality issues and implement solutions.
- Participated in continuous improvement projects to enhance production quality.
- Maintained communication with suppliers regarding material quality standards.

ACHIEVEMENTS

- Achieved a 20% reduction in non-conformances through improved quality protocols.
- Recognized as 'Employee of the Month' for outstanding contributions to quality assurance.
- Played a key role in obtaining AS9100 certification for the organization.
