# MICHAEL ANDERSON

## LEAD SUPPLY CHAIN ENGINEER

Accomplished Manufacturing Supply Chain Engineer with over 12 years of experience in the pharmaceutical industry. My focus on regulatory compliance and quality assurance has allowed me to streamline supply chain processes while maintaining the highest quality standards. I have a deep understanding of Good Manufacturing Practices (GMP) and have successfully led initiatives to improve supply chain efficiency while adhering to regulatory requirements.

## **PROFESSIONAL EXPERIENCE**

### **PharmaTech Solutions**

*Mar 2018 - Present*

#### Lead Supply Chain Engineer

- Led supply chain initiatives to ensure compliance with GMP regulations.
- Streamlined logistics operations, reducing material lead times by 15%.
- Developed supplier partnerships that improved quality control processes.
- Implemented supply chain software that enhanced visibility into inventory levels.
- Conducted training for teams on compliance-related supply chain practices.
- Collaborated with quality assurance to align supply chain practices with regulatory requirements.

### **MedSupply Co.**

*Dec 2015 - Jan 2018*

#### Supply Chain Coordinator

- Coordinated logistics for the timely delivery of pharmaceutical products.
- Managed supplier relationships to ensure compliance with quality standards.
- Assisted in the implementation of inventory management systems that reduced excess stock.
- Analyzed supply chain data to identify trends and improve forecasting accuracy.
- Facilitated audits of suppliers to ensure adherence to regulatory standards.
- Supported cross-departmental projects to enhance supply chain efficiency.

## **ACHIEVEMENTS**

- Reduced material lead times by 25% through logistics optimization.
- Achieved a 98% compliance rate during supplier audits.
- Recognized for excellence in maintaining quality standards in the supply chain.
