EXPERTISE SKILLS

- Maritime Engineering
- Simulation Training
- Curriculum Development
- Practical Assessment
- Industry Collaboration
- Community Engagement

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Engineering in Marine Engineering, University of Strathclyde

MICHAEL ANDERSON

MARITIME ENGINEERING INSTRUCTOR

Innovative Maritime Educator with extensive experience in maritime engineering and technical training. Over 8 years of expertise in designing and delivering programs that emphasize practical skills and safety protocols necessary for maritime engineers. Known for the ability to engage learners through hands-on activities and real-world problem-solving scenarios. Strong advocate for the integration of technology in education, utilizing cutting-edge tools and simulations to enhance the learning experience.

PROFESSIONAL EXPERIENCE

Tech Maritime Academy

Mar 2018 - Present

Maritime Engineering Instructor

- Designed engineering courses focusing on maritime safety and technologies.
- Implemented simulation-based training for engineering students.
- Conducted practical workshops on vessel maintenance and operations.
- Collaborated with industry leaders to enhance curriculum relevance.
- Developed assessment metrics to measure student outcomes.
- Engaged in community outreach to promote maritime careers.

Maritime Technical Institute

Dec 2015 - Jan 2018

Assistant Instructor in Marine Engineering

- Assisted in delivering marine engineering courses to diverse student groups.
- Facilitated hands-on training in marine machinery operations.
- Evaluated student performance through practical assessments.
- Created instructional materials to support course objectives.
- Participated in curriculum development committees.
- Coordinated guest lectures from industry professionals.

ACHIEVEMENTS

- Developed a simulation-based training program recognized by peers.
- Increased student engagement through innovative teaching methods.
- Published articles on maritime engineering education in leading journals.
