

MICHAEL ANDERSON

MATERIAL RECOVERY FACILITY MANAGER

PROFILE

Accomplished Material Recovery Facility Manager with a robust background in engineering and logistics, spanning over 15 years. Expertise in the design and implementation of state-of-the-art recycling systems that maximize resource recovery while minimizing environmental impact. Proven ability to lead cross-functional teams in high-pressure environments, driving projects from conception through execution. Adept at utilizing data analytics to inform operational decisions and enhance efficiency.

EXPERIENCE

MATERIAL RECOVERY FACILITY MANAGER

Waste Management Technologies

2016 - Present

- Directed operations for a multi-million dollar recycling facility, focusing on technology integration for improved sorting accuracy.
- Implemented data-driven decision-making processes that increased throughput by 25%.
- Designed and executed training programs for staff to enhance operational knowledge and safety awareness.
- Collaborated with engineering teams to upgrade facility machinery, resulting in a 15% reduction in energy consumption.
- Conducted performance reviews and set KPI benchmarks for continuous operational improvement.
- Engaged in public outreach initiatives to raise awareness of recycling benefits and practices.

LOGISTICS COORDINATOR

EcoCycle Solutions

2014 - 2016

- Coordinated logistics for material collection and processing, optimizing routes to reduce costs and emissions.
- Implemented inventory management systems that improved tracking and accountability of recyclable materials.
- Worked closely with vendors to negotiate contracts for transportation and processing services.
- Analyzed operational data to identify bottlenecks and develop solutions for enhanced efficiency.
- Participated in community workshops to educate residents on recycling processes and benefits.
- Monitored compliance with local and federal waste management regulations, ensuring operational integrity.

SKILLS

- Engineering
- Data Analysis
- Project Management
- Compliance
- Team Development
- Public Outreach

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL ENGINEERING, MICHIGAN STATE UNIVERSITY

ACHIEVEMENTS

- Led a facility upgrade project that yielded a 50% increase in processing capacity.
- Awarded the Green Leader Award for innovative initiatives in waste reduction.
- Achieved a 95% compliance rating during external audits over five consecutive years.
