WORK EXPERIENCE

Material Recovery Facility Manager

2020-2023

Planet Recycling

- Directed operations at a busy recycling facility, focusing on maximizing efficiency and compliance with environmental standards.
- Implemented new sorting technology that increased recovery rates by 18%.
- Trained and developed staff on operational best practices and safety protocols.
- Analyzed performance data to identify trends and inform operational strategies.
- Collaborated with community organizations to promote recycling education and awareness.
- Conducted audits to ensure compliance with local and federal waste management regulations.

Recycling Supervisor

2019-2020

Waste Solutions Group

- Supervised daily operations of a recycling facility, ensuring adherence to safety and efficiency standards.
- Implemented process improvements that reduced operational costs by 10%.
- Monitored equipment performance and coordinated maintenance schedules.
- Conducted training sessions for staff on safety and operational procedures.
- Engaged with local stakeholders to enhance community recycling initiatives.
- Analyzed recycling data to identify areas for improvement and drive decision-making.

ACHIEVEMENTS

- Increased recycling rates by 25% through the implementation of new sorting technologies.
- Recognized for outstanding contributions to community recycling initiatives.
- Achieved a 90% compliance rate during facility inspections over three years.
