## CLINICAL COORDINATOR, MATERNAL HEALTH

Dedicated Maternal Health Program Officer with a strong foundation in clinical practice and public health advocacy. Extensive experience in direct patient care and program management within maternal health settings. Proven ability to coordinate and implement health programs that improve maternal and infant health outcomes. Skilled in building relationships with healthcare providers, community organizations, and government agencies to enhance service delivery.

## EXPERIENCE

### CLINICAL COORDINATOR, MATERNAL HEALTH

Women's Health Clinic

2016 - Present

- Oversaw clinical operations to ensure high-quality maternal health services for all patients.
- Developed protocols for prenatal and postnatal care, enhancing patient satisfaction.
- Trained and supervised a team of nurses and support staff in maternal health best practices.
- Conducted patient education sessions to promote healthy behaviors during pregnancy.
- Collaborated with local health departments to improve maternal health outreach.
- Managed patient data to monitor outcomes and improve care delivery.

### MATERNAL HEALTH RESEARCH ASSISTANT

Research Institute for Women's Health

2014 - 2016

- Assisted in research projects focused on maternal health disparities and interventions.
- Collected and analyzed data to support research findings and publications.
- Collaborated with a team of researchers on grant proposals for maternal health studies.
- Facilitated community focus groups to gather qualitative data on maternal health experiences.
- Presented research findings at conferences to advocate for policy changes.
- Contributed to publications in peer-reviewed journals on maternal health topics.
