#### SKILLS

- Safety Engineering
- Risk Assessment
- Lean Manufacturing
- OSHA Standards
- Safety Training
- Team Collaboration

#### LANGUAGES

- English
- Spanish
- French

#### EDUCATION

**BACHELOR OF SCIENCE IN MECHANICAL ENGINEERING, TECHNICAL UNIVERSITY, 2014**

#### ACHIEVEMENTS

- Led a project that resulted in a 25% reduction in safety incidents.
- Received recognition for developing innovative safety training programs.
- Contributed to a successful safety audit that passed without violations.

#### WORK EXPERIENCE

##### MECHANICAL SAFETY ENGINEER

AutoMakers Inc.

2020 - 2025

- Designed safety features for new automotive models that improved compliance with safety standards.
- Conducted safety audits and assessments to identify risk factors in production lines.
- Trained employees on safety procedures and emergency response protocols.
- Collaborated with design teams to integrate safety into new product designs.
- Led initiatives that reduced workplace injuries by 30% in a year.
- Monitored compliance with OSHA regulations and reported findings to management.

##### SAFETY ENGINEER INTERN

DriveSafe Technologies

2015 - 2020

- Assisted in developing safety training materials for production staff.
- Conducted assessments of workplace safety practices and recommended improvements.
- Participated in safety audits and documented compliance with regulations.
- Supported the implementation of safety initiatives and programs.
- Gained hands-on experience in risk management and safety analysis.
- Collaborated with engineers to enhance safety features in product designs.
