MICHAEL ANDERSON

RESEARCH COORDINATOR

Enthusiastic Medical Research Coordinator with 3 years of experience in academic research settings. Passionate about utilizing research to improve healthcare delivery and patient outcomes. Proficient in managing clinical trials, ensuring compliance with ethical standards, and collaborating with diverse teams. Strong organizational skills and attention to detail, with a focus on data accuracy and timely reporting.

PROFESSIONAL EXPERIENCE

City Health Research Institute

Mar 2018 - Present

Research Coordinator

- Coordinated multiple studies focused on chronic disease management and prevention.
- Oversaw participant recruitment and retention efforts, achieving a 90% follow-up rate.
- Managed data collection processes, ensuring compliance with ethical research practices.
- Collaborated with principal investigators to develop research protocols and data analysis plans.
- Facilitated communication between research teams and external stakeholders.
- Prepared reports for regulatory agencies, contributing to successful study outcomes.

Global Health Initiative

Dec 2015 - Jan 2018

Clinical Research Intern

- Assisted in the preparation and execution of clinical trial protocols.
- Conducted literature reviews and summarized findings for research presentations.
- Participated in patient interviews and data collection activities.
- Supported the development of recruitment materials and study handouts.
- Facilitated meetings and took minutes to document discussions and decisions.
- Learned to navigate regulatory requirements and GCP compliance.

ACHIEVEMENTS

- Successfully contributed to a research project that received funding from a national health agency.
- Presented findings at a regional conference, enhancing the institute's reputation.
- Recognized for excellent teamwork and dedication to research quality.
