EDUCATION

Master of Science in Health Informatics

University of Technology
2017

SKILLS

- Health Technology
- Data Analytics
- Research Design
- Electronic Health Records
- Compliance
- Collaboration

LANGUAGES

- English
- Spanish
- French

Proactive Medical Research Investigator with a unique background in health technology and data analytics. Over the past 5 years, I have been dedicated to utilizing technology to improve healthcare delivery and patient outcomes. My experience encompasses designing and implementing research projects that integrate health informatics with clinical practice. I have a thorough understanding of data security and patient privacy regulations, ensuring compliance while maximizing the use of data.

💼 WORK EXPERIENCE

Health Informatics Researcher   2020-2023

TechHealth Solutions

- Designed and conducted research on the impact of electronic health records on patient care.
- Analyzed patient data to identify trends and improve health outcomes.
- Collaborated with software developers to create user-friendly applications for clinicians.
- Presented research findings to stakeholders, driving technology adoption.
- Trained healthcare staff on new technologies to enhance patient data management.
- Ensured compliance with HIPAA regulations during research activities.

Data Analyst   2019-2020

Health Analytics Group

- Performed data analysis to assess healthcare service utilization and patient outcomes.
- Developed dashboards and reports for healthcare executives.
- Collaborated on projects to improve data accuracy and reporting efficiency.
- Participated in training sessions to enhance team data literacy.
- Contributed to research publications on data-driven healthcare initiatives.
- Ensured data integrity and security throughout research processes.

★ ACHIEVEMENTS

- Developed a health app that improved patient engagement by 30%.
- Published 3 articles on health technology innovations in peer-reviewed journals.
- Recognized for excellence in research with the 'Innovative Health Solutions Award' in 2022.
