MICHAEL ANDERSON

RESEARCH QUALITY COORDINATOR

Motivated and detail-oriented Medical Research Quality Specialist with over 5 years of experience in academic research environments. I specialize in ensuring compliance with ethical standards and regulatory guidelines in clinical research. My strong analytical skills enable me to identify potential quality issues early in the research process, allowing for timely interventions.

PROFESSIONAL EXPERIENCE

University Medical Center

Mar 2018 - Present

Research Quality Coordinator

- Coordinated quality assurance activities for clinical research studies.
- Reviewed study protocols and informed consent documents for compliance.
- Conducted regular site visits to ensure adherence to research standards.
- Trained research staff on ethical guidelines and compliance regulations.
- Assisted in the preparation and submission of regulatory documents.
- Monitored study progress and reported findings to stakeholders.

Health Research Institute

Dec 2015 - Jan 2018

Clinical Research Assistant

- Supported the management of clinical trials and research projects.
- Assisted in data collection and analysis to ensure data integrity.
- Participated in the preparation of study reports and presentations.
- Maintained study documentation and regulatory files.
- Collaborated with investigators to address quality-related issues.
- Assisted in training new staff on research protocols and compliance.

ACHIEVEMENTS

- Contributed to a research project that received funding for its innovative approach to quality assurance.
- Recognized for outstanding performance in maintaining compliance during a major audit.
- Developed a training manual that improved staff understanding of compliance issues.
